Welcome to the Eco Relief Service and Support Centre – your ultimate destination for solar panels for your home, solar panels for sale, small solar panels and service advice. Here, you'll find plenty of solar power consultants' information about caring for your home solar system along with downloadable warranty information, specification .

The cost of an off-grid solar system in St. Barthélemy will vary depending on the size of the system, the type of equipment, and the complexity of the installation. First, it can help you to save money on your electricity bills. Second, it can help to reduce your reliance on the grid, which can be beneficial in the event of a power outage.

We recommend you pay special attention to energy in the home. It may be necessary to install solar panels and/or generators to supplement the power provided by EDF. Indeed, the supplier limits its energy supply which means it cannot always cover large properties. Let's go green! All the houses in Saint-Barthélemy have cisterns to collect .

IRENA presents solar photovoltaic module prices for a number of different technologies. Here we use the average yearly price for technologies 'Thin film a-Si/u-Si or Global Price Index (from Q4 2013)'.
