Signal Energy , Mulligan Solar

Scope of Work. Full Design-Build Solar Project o Geotechnical Studies o Project Optimization o Complete Plant Engineering o Civil Construction o Mechanical/Structural Supply & Construction o AC/DC Electrical Supply & Construction o SCADA System o Supply & Construction 115kV Substation o Interconnection

Solar energy solutions for Chad

Metrogrids break the vicious circle of underdevelopment and lack of energy access in Central Africa. We select large enough urban centers (20,000+ inhabitants) that are not properly electrified. We install a brand new grid network and state-of-the-art hybrid power plant.

Rambler Solar Project

Scope of Work. Signal Energy was the full design/build, turn-key contractor for this ground-mounted single-axis tracker project. Signal was responsible for full EPC of the PV system, GEotech, civil work, structural work, mechanical work, electrical collection system (DC and AC), and 345kV substation, interconnection to LCRA switching station, and SCADA controls with ...
