Solar Panels in Singapore: Expert Answers 6 Questions on How ...

If you live in an HDB flat, you are unfortunately not allowed to install solar panels on your flat's rooftop. However, HDB does have a 10-year master plan to become more energy-efficient by 2030, with a solar energy target of providing power for 350,000 homes. For instance, 527 HDB blocks in Tanjong Pagar will have solar panels installed.

Solar Power in SG : r/askSingapore

Longer answer, solar panels generate DC. Household appliances use 240V AC. You'll need an inverter to convert the DC to AC. One solar panel isn't going to generate enough electricity to power your appliances on the fly, so you'll need a battery to store the power for use later.
