

## European Solar and Energy Storage Solutions

# Solar co ltd Hungary

## Overview

---

What is the largest solar project in Hungary?

Duna Solar Park is located in Central Hungary in Pest County, near Százhalombatta, and is the largest solar project in the region. Like Kaba Solar Park, the MET group built it, and together the two solar projects have a capacity of over 50 MW. Built in 2019, Szügy Solar Park has a capacity of 16.5 MW and is the largest solar project in its county.

Who is Chint solar?

Chint Solar is a leading European player active in project development, financing, realization and operation of solar parks. We are fully committed to achieving a successful energy transition in Europe, away from fossil fuels to a sustainable future with clean energy. Our mission is to energize people.

Where is Chint solar working?

Our European project development activities started in 2016. We are now working on the energy transition in France, Germany, Hungary, Italy, Portugal, Spain, the Netherlands and the United Kingdom. Chint Solar has already completed more than 900 MWp of solar parks in Europe, which equals providing sustainable energy to more than 300,000 households.

How many solar parks does Chint solar have in Europe?

Chint Solar has already completed more than 900 MWp of solar parks in Europe, which equals providing sustainable energy to more than 300,000 households. Our local teams consist of experienced developers with extensive knowledge of the renewable energy sector.
