Solar insulation barrel and supporting bracket

Overview

How to choose a solar panel mounting bracket?

Depending on the structure, there are different rooftop solar panel mounting brackets to select from. Besides roof structure, other considerations include: The incline necessitates specially engineered solar panel roof mounting brackets.

Does IBC Solar offer on-roof mounting?

IBC SOLAR offers on-roof mounting for uncomplicated photovoltaic installation. It is not only cost-effective, but is also equally suitable for new roofs as well as for existing and renovated roofs. IBC SOLAR photovoltaic mounting systems are suitable for pitched roof and flat roof installation.

What types of roof mounting systems are suitable for IBC Solar?

IBC SOLAR photovoltaic mounting systems are suitable for pitched roof and flat roof installation. For the respective roof covering such as tile, trapezoidal sheet metal, corrugated eternite, bitumen, foils, green roof or gravel, we offer perfectly matched fixings that guarantee extreme stability.

Why should you install a solar panel bracket?

The purpose of installing the bracket is to better fix the solar panel. If there is a more convenient and feasible method to fix the solar panel, PVMars will definitely recommend it to you, and effective solutions are based on solar panels' characteristics and your on-site installation environment.

Why should you choose IBC Solar?

IBC SOLAR offers the right in-house mounting solution for every surface or roof shape and every photovoltaic system, customised or as a modular component. The further development of our aerodynamic flat roof mounting system now offers even more options for customising and economically installing PV modules on roofs - without penetrating the roof.

Can solar panels be installed on a boat?

Solar panel mounts enable solar installation on roofs, the ground, the pond, or anywhere the owner wishes. Besides buildings and land, solar panels are also installed on recreational vehicles (RV), requiring RV solar panel mounting brackets. Meanwhile, solar installation on boats will utilize some other solar panel mounting brackets for boats.
