Solar packages prices Mauritius

Overview

Why should you install solar panels in Mauritius?

Affordable on- and off-grid turn-key solar energy solutions for your home and business. **Reduced Energy Costs:** One of the primary reasons Mauritian homeowners and business install solar panels is to save money on their energy bills. Solar panels generate electricity from sunlight, reducing reliance on grid electricity.

Who is Solar Center Mauritius?

SOLAR CENTER MAURITIUS is the only expert in photovoltaic solar energy in Mauritius for over 15 years.) We are more specialized in rooftop solar installations: houses, offices, commercial buildings, agricultural buildings, warehouses, . All our design office engineers and site managers have been trained in France with the QUALI PV. distinction.

Why should you invest in solar energy in Mauritius?

Many homebuyers and commercial property investors are willing to pay a premium for properties with solar installations because they offer reduced energy costs and environmental benefits. **Tax Incentives:** In Mauritius MRA offers tax credits to encourage the adoption of solar energy.

Who is gosolar & what is it doing in Mauritius?

With over 2 MW of solar commercial rooftops projects in the pipeline, GOSOLAR is emerging as one of the active players in the renewable energy sector in Mauritius. GOSOLAR has already commissioned numerous residential PV systems under the SSDG scheme, 160+ kW systems under the MSDG scheme and off grid systems.

What can I do with my electric car in Mauritius?

Your electric or hybrid car can also act as an additional battery storage. **Sell your electricity:** CEB Mauritius offers programs that allow you to feed excess

solar energy back into the grid, earning you compensation for your contribution to the overall energy supply.

Can gosolar offer off-grid PV solutions?

GOSOLAR can also offer off-grid PV solutions. The Central Electricity Board (CEB), in collaboration with the Ministry of Energy and Public Utilities, opened up the access to the national electricity grid to commercial businesses through the launching the MSDG (MediumScale Distributed Generation) Net Metering Scheme.
