

European Solar and Energy Storage Solutions

Solar panel bracket aluminum alloy

Overview

What are solar panel mounting brackets made of?

With their help, our mounting brackets are now made of premium material: aircraft-grade, anodized aluminum that's non-corrosive, durable, and lasts for several decades. As we mentioned, the Philippines is damaged by typhoons every year. Our solar panel mounting brackets have been tried and tested by the powerful typhoons that hit them.

Do you need aluminum extrusions for a solar panel mounting system?

Whether you need aluminum extrusions for a solar panel mounting system or anodizing to protect against severe weather conditions, we can help provide a solution. Whether you are looking for aluminum angles, channels, frame, panel, or racking extrusions, Eagle Aluminum is uniquely able to provide all your aluminum extrusion and finishing solutions.

Can aluminum be customized to my solar project?

Aluminum frame, mounting rails, and panel extrusions can be customized to your solar projects. Aluminum Experts You Can Trust. We work directly with you to develop custom solar technology solutions. Eagle Aluminum is your single source of stock, custom, and hard-to-find aluminum trims and extrusions for solar technology companies.
