Solar PV Analysis of Savaneta, Aruba

Solar Energy Production. The solar energy potential in Savaneta is remarkably consistent across all meteorological seasons. Spring sees the highest daily output at 6.73 kWh per kW of installed solar capacity, closely followed by summer at 6.69 kWh/day.

N.V. ELMAR Solar Policy English

Before placing solar panels on the roof of the house the roof has to be in a good state of repair in order to carry the extra weight of the panels. We recommend the customer to get a professional to inspect whether the roof of the house can support the installation. ELMAR's solar panel kits include installation brackets for shingles or sink
