Solar Panel Information and Installation

Solar Power Panels are usually placed on roofs, building tops, or stand-alone facilities. It is essential to set up your solar panel to ensure that it will get the most direct exposure to the sun - you need to make certain your solar panel is maximally effective all year round.

Virgin Islands Solar Rebates And Incentives

In July 2009, the Virgin Islands (USVI) passed Act 7075. Among other provisions, the legislation establishes that the "peak demanded generating capacity" of the Virgin Islands Water and Power Authority* must be from renewables according to the following schedule: 20% by January 1, 2015; 25% by January 1, 2020; 30% by January 1, 2025
