Solar power weeding

Overview

Why should you buy a solar-powered garden weeder?

Solar-powered, it never needs to be charged! GREAT GIFT – Perfect for busy moms, dads, grandparents or anyone who doesn't have the time, ability or desire to weed the garden, but still wants to grow fresh healthy vegetables for their family. Shop products from small business brands sold in Amazon's store.

Why should you buy a garden weeder?

It is weatherproof and can stay in the garden from Spring through Fall. Solar-powered, it never needs to be charged! GREAT GIFT – Perfect for busy moms, dads, grandparents or anyone who doesn't have the time, ability or desire to weed the garden, but still wants to grow fresh healthy vegetables for their family.

How does a solar powered robot work?

It sports a green and gray finish, measures 4.5 inches tall and 8.2 inches wide, and weighs around 2.5 pounds. It gets its power from the sun using a 4.3-by-5.3-inch (HW) solar panel that shares space on the top of the robot with a power button and five LED lights that flash in sequence when you power up the device.
