

European Solar and Energy Storage Solutions

Solix x1 price Azerbaijan

Overview

What is Anker Solix X1?

"Seamlessly integrating functionality, flexibility, and aesthetics, the Anker SOLIX X1 is a sophisticated and reliable energy solution that redefines home energy management. This new system is designed to meet the needs of modern homeowners who aspire to combine sustainable energy use with stylish living."

What is Anker solid X1?

Anker SOLIX X1 transforms your power experience. Store solar energy during the day for nighttime use or off-grid. Enjoy savings on your power bill, too. Connect X1 with Anker SOLIX Microinverter and EV Charger (EV Charger will release soon) to create a home micro-grid, then watch free solar power fuel your energy independence daily.

How much does an anker solar X1 cost?

We estimate that a 15 kWh SOLIX X1 system will cost about \$9,750 before installation costs. Anker does not publish the cost of the X1, so our cost estimate is based on what our experts know about the pricing of Anker's consumer-grade solar battery backup systems.

Does Anker Solix X1 have a warranty?

The Anker SOLIX X1 warranty covers the battery for 10 years and 3.29 MWh per kWh of throughput, which are both good. However, Anker promises only 60% remaining battery capacity after 10 years. While this slight deviation from the standard isn't a dealbreaker (especially considering the low estimated cost to install the system), it isn't ideal.

How much does the Anker X1 cost?

Anker does not publish the cost of the X1, so our cost estimate is based on what our experts know about the pricing of Anker's consumer-grade solar

battery backup systems. That estimate equates to \$650 per kWh of storage for the whole system, which is significantly less than the average cost of solar batteries.

How long does Anker Solix X1 battery last?

The industry standard is 10 years of materials and workmanship coverage, an average of 6,000 total cycles or 2.9 MWh of throughput per kWh of battery capacity, and a remaining capacity of 70% after 10 years. The Anker SOLIX X1 warranty covers the battery for 10 years and 3.29 MWh per kWh of throughput, which are both good.
