

European Solar and Energy Storage Solutions

South Africa raylyst solar

Overview

Where does raylyst sell solar panels?

Prague-based Raylyst distributes Chinese solar panels and other photovoltaic equipment in Europe, with Germany now its biggest market, having overtaken the Czech Republic last year.

Who founded raylyst solar?

Place in the sun: Jan Kameníček founded Raylyst Solar in 2018. Between 2019 and 2022, the company achieved annual compound growth of 824.2%, with revenues of €111mn in 2022 © Jan Berounsky Roula Khalaf, Editor of the FT, selects her favourite stories in this weekly newsletter.

Who is raylyst?

Kameníček launched Raylyst six years ago, aged 21, after recognising China's potential as a leader in renewables. At the time, he had been helping "destroy the planet", in his words, as an intern at a Singapore commodities house buying coal for Chinese power plants. The job paid well and taught him about Asia's energy market.

Is raylyst facing an existential threat?

Between 2019 and 2022, Raylyst achieved annual compound growth of 824.4 per cent, reporting revenues of €111mn in that final year. But its success comes as the European sector is "facing an existential threat", according to the European Solar Manufacturing Council (ESMC), an industry group.

Why is raylyst a top ft company?

And it is the strength of the continent's demand for renewable power, spurred by the transition away from fossil fuels, that has pushed the company to the top of this year's FT ranking of businesses by revenue growth. Between 2019 and 2022, Raylyst achieved annual compound growth of 824.4 per cent, reporting revenues of €111mn in that final year.

What makes raylyst a good company?

The cooperation with Raylyst is characterized by fast and smooth communication. We are very satisfied with the pricing and the fast processing which is very important to us to. To rewrap our customer projects in a short time. Contact is very easy via telephone or e-mail. Competent contact persons.
