Suitcase solar generator

Overview

What is a suitcase generator?

Suitcase generators are devices that give power anywhere without having to be plugged into a solar panel or a mains electricity outlet. They are the perfect companion for an off grid adventure and mean that you can work or create on the go no matter where you are. They're called suitcase generators because of the handle on the top of the product.

Why should you choose a Solar Suitcase?

□ Highly portable design □ foldable solar suitcase small in size, provide more flexibility for outdoor and off-grid use, easy to carry, store and set up.
□ Remarkable efficiency □ Renogy solar panels using grade A plus monocrystalline solar cells. Advanced smart PWM technology charge controllers ensure charging efficiency and safety.

What is the best suitcase generator?

1. Generac GP3000i The Generac GP3000i is a 2,300W generator with a surge power of up to 3,000W! The advanced 'Power Rush' technology delivers up to 50% more starting capacity, making this one of the best suitcase generators for families that need to power big items on the road.
