Sun command solar panels Belize

Overview

Who is Sun's Electric?

Sun's Electric, with over 18 years experience offers design, installation, monitoring, maintenance, and repair of grid tied and off grid solar PV systems by a licensed electrician. In Belize from a concept to a reality, our solar electrical systems are designed and backed by 18 years of industry experience.

Will Belize Electricity compensate you for excess solar energy?

The hope is that through regulations, Belize Electricity Ltd will have to compensate you for excess solar energy flowing to the grid during the day and off-set it against the electricity you are drawing from the grid at night; however, the reality today is the opposite.

Who installs the Orange Gallery Solar System?

We (The Orange Gallery) were the first official grid-tied system in Belize. Our system was installed by SESB and we have been powering our operations with free energy from the Sun for a few years now. We love it and are happy to recommend SESB!" Which solar system is right for me?

Sun command solar panels Belize

APPLICATION SCENARIOS

Solar Energy Solutions , Deeds Solar Solutions , Belize

Charge Controller: Regulates the voltage and current coming from the solar panels to the batteries, preventing overcharging and damage.
Utility Meter: Measures the electricity usage and can track both the power consumed from the grid and the surplus power sent back to the grid.
Grid Connection: Allows the system to draw power from the grid when solar production is ...
