Overview

What is Sunbeam Luna?

Sunbeam Luna is our mounting system for pitched roofs. The smart, stable construction allows for a rapid mounting process and optimally and safely supports the solar panels. This way, the solar panels can generate sustainable energy for years, without any issues.

What is Sunbeam Auto Private Limited?

Sunbeam Auto Private Limited is a Non-govt company that was incorporated on 02 May 1996 and is registered at the Registrar of Companies, Delhi. Sunbeam has chosen the path of discovery and innovation in Aluminium High Pressure, Gravity & Low Pressure Die Casting.

Does Sunbeam have a ballasted roof system?

Until now, the Supra system has been installed ballasted. However, with the addition of fully anchored systems, Sunbeam now offers an innovative solution for roofs that can support less weight. This is a crucial development, as ballasted systems are sometimes not a viable option for certain roof structures.

Does Sunbeam offer a lighter mounting system?

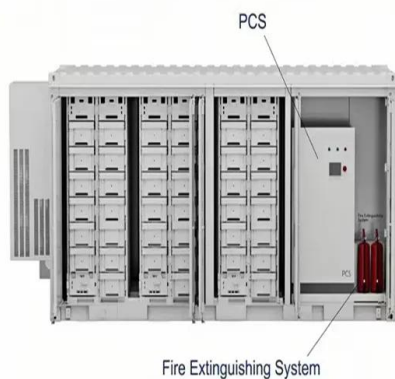

This upgrade meets growing market demand for lighter mounting systems due to the limitations of roof structures. Until now, the Supra system has been installed ballasted. However, with the addition of fully anchored systems, Sunbeam now offers an innovative solution for roofs that can support less weight.
