- 10 MPPT

Sunshine Solar solar reviews, complaints, address & solar panels ...

We installed Solar panels from Sunshine Solar on Long Island. It worked for awhile but now there is no hot water coming out of the outlets even on the sunniest, hottest day.

The water is the same temperature without the solar panels. And support is a joke. First off when they winterize your system for \$125 they don't drain the pipes

Best Solar Panel Installation and Renewables , Sunshine State Solar

The installation team came out, within days of quoting, and were incredible. Despite bad weather, the installation team got the job done, no complaints, very polite, respectful and were an absolute credit to the company. Highly recommend Sunshine State Solar, and have passed their details on to friends looking for solar panels.

ABC Solar Tech Website

Curaçao presents a promising market for solar energy due to its abundant sunshine and the increasing global emphasis and government level commitment to renewable energy. With rising electricity costs and a growing awareness of environmental issues, the demand for solar energy is rapidly expanding in the private and business sector.

Contact Us

Recommend Sunshine Solar For panels and for hot water. Their after sale service is great as well. We had solar hot water installed at our last build and proved to be a great investment. Our house now, we have 12 panels installed and also a great investment. So for anything solar, I would recommend Sunshine Solar.
