Why should you buy a foldable solar panel?

The portable solar panels are protected with a thick, heavy-duty fabric to keep them safe from the elements when they're folded up. This fabric comes with a handle, too, for easier carrying. This foldable solar panel includes a free charge controller, complete with USB ports for cell phones and other mobile

devices I'd like to charge as I travel.

How heavy is a portable solar panel?

While this panel is technically portable, it's quite heavy at 42 pounds. That's why it's ideal for people staying at RV camps for an extended time. Most portable solar panels these days are at least somewhat water-resistant. But for ultimate peace of mind, a highly water-resistant panel is best.
