

European Solar and Energy Storage Solutions

Superstar solar panel Niue

Overview

Who is Super Star Solar?

Super Star Renewable Energy Limited (SSREL), also known as Super Star Solar in Bangladesh, is the leading solar company in Bangladesh, providing innovative solar energy solutions since July 2013. We are dedicated to bringing electricity to underserved communities through top-quality solar systems tailored to remote areas.

Why should you choose a solar panel company in Bangladesh?

Our solar panel products undergo strict quality checks, ensuring efficiency and durability in the Bangladesh solar industry. We actively promote sustainable living in Bangladesh, striving for a lasting positive impact on our environment and communities.

Where is Niue located?

Niue, the largest upraised coral atoll in the world, is situated in the South Pacific Ocean, some 2,400 kilometres northeast of New Zealand. Like many island nations, Niue is heavily dependent on diesel fuel for power generation.

About

Super Star Solar specializes in providing innovative, energy-efficient products related to Solar PV-based home systems that cater to the unique needs of remote communities. Our intelligent energy solutions are designed to adapt to any renewable energy project, ranging from small to large-scale solar PV-based turnkey projects.

Solar Mini Grid / Off Grid

Our Mini-grid Solar projects involve installing small and large-scale renewable energy systems (typically solar panels) connected to a battery storage system and distribution network, serving a community. We manage and maintain ...
