

## European Solar and Energy Storage Solutions

# TBEA photovoltaic inverter

## Overview

---

What is a TBEA 1500 V string inverter?

TBEA has developed a new 1,500 V string inverter with a maximum efficiency of 99.02%, maximum power point tracking (MPPT), a maximum input current of 65 A, and a maximum short circuit current of 115 A.

What is the power rating of TBEA Xi'an inverter?

TBEA has developed new products with nominal power ratings of 10 kW to 25 kW and efficiencies of 98.5%. TBEA Xi'an Electric Technology Co. Ltd., a unit of Chinese inverter manufacturer TBEA New Energy Industry, has unveiled a new inverter for applications in residential PV systems.

Who is TBEA new energy?

The inverter business of TBEA New Energy has spread to more than 20 countries including India, Pakistan, Saudi Arabia, and Vietnam, and its cumulative shipments have exceeded 30GW. Inverter products have also gradually expanded from the earliest centralized inverters to current high-power cascade inverters.

When did TBEA start making inverters?

The road of TBEA's inverter production began as early as 2000. At that time, the inverter market was monopolized by foreign technologies, and there were no mature technical products in China. TBEA faced the dilemma from scratch, but this did not bother them. After three years of painstaking research, they passed.

Will TBEA transform inverter products from prototype to maturity?

TBEA faced the dilemma from scratch, but this did not bother them. After three years of painstaking research, they passed. In the way of cooperation between universities, TBEA will transform the inverter products from prototype to maturity. Product maturity does not mean market recognition.

What does TBEA do?

TBEA has developed into a leading enterprise in the world power transmission and transformation industry, China's new polysilicon material development and large-scale aluminum electronics export base, large-scale solar photovoltaic and wind power system integrators, multiple manufacturing industrial parks in China, and two bases overseas.
