Tongwei 665w photovoltaic panel

Overview

What is the quality of Tong-Wei solar cells?

At present, the quality of Tong-wei's solar cells are first class, with technical indicators reaching the top level in the world. The company has become the No.1 manufacturer in the global cell industry with the largest capacity and shipment, the lowest cost, the highest operating rate and the fastest construction speed.

Who is Tongwei solar?

Tongwei Solar (HeFei) Co.Ltd. has its own quality laboratory, which is also a witness lab of TOV Rheinland and TOV NORD, with CNAS qualification, enabling the most stringent reliability test. Low-temperature bonding, no cell spacing, using Tongwei made cells to realize high-density layout.

What is Tongwei polysilicon lead?

The quality, technical indicators and costs of Tongwei polysilicon lead globally, covering both electronic and solar grades. Tongwei has established strategic partnerships with several well-known downstream photovoltaic cell and module enterprises in China. The product quality has received high recognition in the market.

Who is Tongwei module?

With the solid and robust upstream reserves within the industry chain, Tongwei entered the module business in 2013. The product is produced by the "Industry 4.0" system of smart manufacturing. Tongwei creates high-efficiency shingled and half-cell products to achieve all-round coverage.

What makes Tongwei unique?

Tongwei closely aligns with China's green development strategy deployment, organically integrates PV power generation with modern fisheries, and pioneered the "Fishery & PV Integration" development model where power

generates on the top and fish swim on the bottom.

What is the quality of Tongwei crystalline silicon?

The product quality has received high recognition in the market. With a purity of 99.999999999%, the products represent the excellence of high-purity crystalline silicon "intelligent manufacturing in China". With the solid and robust upstream reserves within the industry chain, Tongwei entered the module business in 2013.
