Trina Solar Solar Panels

Overview

What types of solar panels does Trina Solar offer?

Trina Solar offers two types of monocrystalline residential solar panels: the DE06X.05 (II) and the DD06M.05 modules. Both of the PV modules use half-cut cells and come with either a white or black backsheet, enhancing their visual appeal. Half-cut solar panels are more efficient than their traditional counterparts.

Is Trina Solar a good solar company?

As one of the leading solar photovoltaic manufacturers in the world, Trinasolar delivers a smart, industry leading solution for year energy needs. Ranked as one of the world's most bankable solar manufacturers by Bloomberg New Energy Finance, Trina Solar is the manufacturer you want for your solar panels.

How does Trina Solar work?

Trina Solar uses multiple busbars on a single panel, further improving performance. PERC: Passivated Emitter and Rear Contact (PERC) solar cells include a back surface layer that reflects light back through the cell, reduces heat absorption, and reduces electron recombination, all of which improve panel efficiency.

How powerful are Trina Solar panels?

The company's most recent breakthrough panel achieved a maximum power output of 740.6 Watts. Alas, you won't be able to install those on your roof, but the residential panels are still adequately powerful. Trina Solar currently offers two solar panel lines for residential solutions in the U.S.: the Vertex S/S+ and the Residential line.

Who is Trina Solar?

A track record that speaks for itself. Trina's smart, industry-leading solutions

are deployed by solar professionals in projects around the world. Origis Energy and Trina Solar partnered together to build a solar project under tight deadlines and with limited supplies.

How much do Trina Solar panels cost?

The cost of Trina Solar panels varies based on local installation costs, shipping, and other market factors. As of April 2024, the average cost per watt for solar panels is \$3.00. As a highly reputable brand, you can expect Trina Solar panels to be around that average or higher. Guaranteed customer service may increase costs, but it's worth it.
