Trinidad and Tobago spd for solar system

Overview

What is Trinidad & Tobago's first large-scale solar project?

PORT OF SPAIN, December 12, 2022 – Lightsource BP, Shell and BP have received government approval for Trinidad and Tobago’s first large-scale solar project, Lightsource BP announced on Friday. The 148-MWp project is held 50-50 by Shell and BP, who have reached an FID and plan to begin development in early 2023.

Why are solar PV systems so popular in Trinidad and Tobago?

This makes the Solar photovoltaic (PV) systems very applicable for Trinidad and Tobago. The cost for these systems are constantly coming down. The government is encouraging the use of Solar energy through tax incentives, thus making PV systems more attractive for domestic and commercial use.

How can energy service companies support energy audits in Trinidad & Tobago?

Energy Service Companies (ESCOs) for the conduct of energy audits can be expected to play an increasingly important role, and T&T will be seeking to build local capacity in the conduct of energy audits and other energy services. Incentives currently being offered to encourage the conduct of energy audits in Trinidad and Tobago are as follows:.

Why is BP launching a green energy project in Trinidad & Tobago?

The Trinidadian government initiated a call for green energy projects as part of its Paris Agreement commitment to reducing greenhouse gas emissions from power generation by 15% by 2030. BP Trinidad and Tobago president David Campbell commented on the project’s significance in advancing the country’s renewables industry.

What is Trinidad & Tobago's nationally determined contribution?

These installations form part of a EUR 2.4 M project entitled ‘Support to the

Implementation of Trinidad and Tobago's Nationally Determined Contribution', designed to assist the country on a low carbon path, and increase its climate resilience in keeping with its stated targets and commitments under the 2015 Paris Agreement.

Does Trinidad and Tobago Act on its national Determined Contributions (NDCs)?

Trinidad and Tobago acts on its National Determined Contributions (NDCs) to mitigate climate change. When: July 29, 2021 Where: Port of Spain, Trinidad, W.I.
