Overview

How secure is Uzbekistan's energy supply?

Uzbekistan's fuel/energy source security is becoming fragile, as the demand for the country's natural gas resources, the main energy source for electricity, is growing fast in other sectors, too. The plans to diversify into solar and wind power generation, possibly also nuclear power, appear well-founded also from the security of supply angle.

What is power Uzbekistan known for?

Power Uzbekistan is firmly in the lead among energy related events in the region, recognised as the largest event in the industry with the greatest number of visitors.

Does Uzbekistan need electricity reform?

The need for electricity reform is recognised in Uzbekistan's Green Economy Transition Strategy for 2019-2030 (from 2019) and the Security of Electricity Supply Concept for 2020-2030 (from 2020).

How can Uzbekistan improve its energy supply and use?

Uzbekistan has major potential to increase the efficiency and diversity of its domestic energy supply and use. Key to realising this potential is a gradual transition to competitive markets with significant private-sector participation and energy prices that reflect the full cost of supply.

Does Uzbekistan export electricity to Pakistan?

Uzbekistan can and currently does offer electricity at prices below the estimated long-run supply costs in Pakistan and Afghanistan. In 2010, Uzbekistan exported 150 MW to Afghanistan at a price of US\$0.06/kWh. Uzbekistan currently does not export electricity to Pakistan.

How much power does Uzbekistan have?

Uzbekistan's estimated generating capacity is currently 15.9 GW, with thermal power plants (TPPs) making up 88% or 14.0 GW, and hydropower plants (HPPs) making up the remaining 12% or 1.9 GW. The main source of generation is 11 TPPs, including 3 central heating and power plants.

Uzbekistan ellis power

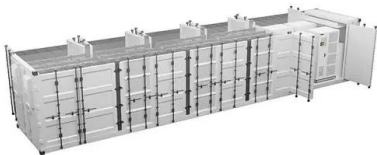

Uzbekistan

As Central Asia's most populous country, with extensive natural resources, fascinating tourist attractions and transportation links, Uzbekistan is a potential force for regional economic growth and stability. Uzbekistan is the only Central Asian state to border all four Central Asian countries as well as Afghanistan. [Learn More. Country Profile](#)
