

European Solar and Energy Storage Solutions

Vikram solar panel company British Indian Ocean Territory

Overview

Vikram Solar Limited is an Indian company based in . It is one of the largest solar module manufacturers in India (by capacity), with 3.5 GW module manufacturing capacity annually. The company's primary business focus is manufacturing solar Photovoltaic (PV) modules, and also carrying out services and

Who is Vikram Solar Limited?

Vikram Solar Limited is an Indian company based in Kolkata. It is one of the largest solar module manufacturers in India (by capacity), with 3.5 GW module manufacturing capacity annually.

Is Vikram Solar India's only Tier 1 module manufacturer?

Vikram Solar became India's only Tier 1 module manufacturer and was featured in BNEF's list in 2024 . It also secured the 'Top Performer' position from KIWA PVEL for the seventh time in eight years .

How can Vikram Solar contribute to achieving Aatmanirbhar & energy-rich India?

Creating climate for change through thought leadership and raising awareness towards solar industry, aiding in realisation of Aatmanirbhar and energy-rich India. We at Vikram Solar are focused towards contributing to national and global solar transition targets.

Where is Vikram Solar located?

In February of the same year, Vikram Solar expanded its presence in Sub-Saharan Africa through a partnership with Powertech Africa, entering 14 new markets, including Botswana, Zimbabwe, and Tanzania in February. This added to its existing offices in Kenya, Uganda, and South Africa.

What is Vikram Solar doing in 2022?

In 2022, Vikram Solar reached a milestone of 2.5 GW in module production capacity . The company also secured a 350 MW module supply contract in the

US and achieved certifications for its M10 and G12 cell modules from TUV Rheinland and UL 61730:2022 for its factories in Panaiyur Village, Kanchipuram, and Falta SEZ .

How many solar projects does Vikram Solar have?

Vikram Solar has more than 275 projects which have been executed or are under execution with an aggregate capacity of 1.03 GW, as of March 31, 2024. Below are some of Vikram Solar's project references: The company has also installed and commissioned solar projects totaling 4,015 kW in six airports, namely:
