Overview

Are solar panels a scam?

That is, of course, also a scam. To protect yourself from clean energy scams: Know that “free” or “no cost” solar panel offers are scams. The federal government does not install solar systems in homes for free. If you’re considering whether solar energy is right for you, check out the Department of Energy’s guide for homeowners and learn more.

How do you know if a solar system is a scam?

Ask for a list of satisfied customers and look at customer reviews online. Know that the government won’t offer you free solar. The federal government does not install residential solar panels for free; if someone is claiming otherwise, it’s probably a scam. If it seems too good to be true, it probably is.

Are customer complaints a problem in the solar industry?

Customer complaints against the country’s residential rooftop solar industry have increased dramatically in recent years. One-star ratings on Solar Reviews increased more than 1,000% since 2018. Across the country, prosecutors are investigating high-pressure sales tactics and misleading financing arrangements.

Why did the New Mexico AG Sue Vivint Solar?

Similarly, in March 2018, the New Mexico AG sued Vivint Solar for its claimed unfair and unconscionable business practices around the same 20-year leases. There, the AG accused Vivint of clouding titles to consumers’ homes, fraud and racketeering in connection with its residential solar power purchase agreements and solar equipment.

What if my company offers solar energy?

If your company offers solar energy, remember that claims must not only be truthful, but also comply with established consumer protection laws, including

the FTC Act and the FTC's new Impersonation Rule. Be truthful. Every clean energy company has a responsibility to be honest and upfront with consumers. Be transparent about what you're offering.

Are solar business leads a scam?

At best, this is someone generating leads to sell, not actual solar businesses. At worst, they're scammers trying to steal your identity. If you spot a scam, tell the Federal Trade Commission at [ReportFraud.ftc.gov](https://www.ftc.gov/identity-theft).
