Wallis and Futuna dpa africa

Overview

Wallis and Futuna, officially the Territory of the Wallis and Futuna Islands, is a French island in the Pacific Ocean, situated between Tuvalu to the northwest, Fiji to the southwest, Tonga to the southeast, Samoa to the east, and Tokelau to the northeast. Mata Utu is its capital and largest city. The territory's land area is 142.42 km² (54,600 acres).

The 1961 Statute of Wallis and Futuna, formally designated as Law No. 61-814 of July 29, 1961, conferred upon the islands of Wallis and Futuna the status of an overseas territory. This legislative act effectively transformed the islands into an integral part of the French Republic. The islands thus became an integral part of the French Republic, while retaining their distinct institutional characteristics. In addition to the French authorities, the traditional

Wallis and Futuna

Trends in climate -- past, present and future -- always need to be understood in the context of the naturally occurring variability. Climate variability here, refers to the ways how climate conditions (e.g., temperature and precipitation) "flicker" from year to year within their respective typical "range of variability". The cause for this natural variability can be due to quasi
