# Xiaomi Energy Storage Solar News

## Overview

---

What is the Xiaomi Mijia solar panel 100W?

Xiaomi is now receiving pre-orders for the MIJIA Solar Panel 100W in China. The new solar panel comes with a foldable design that makes it to be compact and easy to transport. It also features the Metal Wrap Through (MWT) technology for greater energy conversion. The Xiaomi MIJIA Solar Panel 100W works with the MIJIA Outdoor Power Supply 1000 Pro.

Does Xiaomi Mijia solar panel work with outdoor power supply 1000 Pro?

The Xiaomi MIJIA Solar Panel 100W works with the MIJIA Outdoor Power Supply 1000 Pro. Two units of the new solar panel can deliver 200W power to energize the MIJIA Outdoor Power Supply Pro. Xiaomi is, however, silent on how long it takes to fully charge the power generator.

How many su7 EVs will Xiaomi make this year?

To keep up with this growing order book, Xiaomi is ramping up BEV production with hopes of delivering 100,000 SU7 EVs this year. It is well on its way as the tech company turned automaker is already celebrating its 10,000th build, just 32 days after the SU7 launch.

Why is Xiaomi rethinking its production strategy?

This led Xiaomi to rethink its production strategy and try to crank out more SU7s than originally planned to keep up with demand. Although it is new to EVs, Xiaomi appears to be wielding its manufacturing expertise, and its assembly lines are humming in China, just one month in.

Will Xiaomi deliver its own EV?

Not until the company announced plans for a new EV arm called Xiaomi Automotive in March 2021. Since then, we've followed the tech company closely to see if it could do something its rival Apple has yet to do. deliver its own branded BEV.

Is Xiaomi a leader in the global mobile phone market?

Xiaomi has grown to the #2 position in the global mobile phone market, and in March announced a \$10 billion, 10-year investment into electric vehicles.
