Zambia awex central battery system

Zambia awex central battery system

AWEX Middle East , EMERGENCY LIGHTING AND FIRE SYSTEMS

Awex brand mission have always been defined by modern top quality products and customer satisfaction. Our design department ensures flexibility in terms of adapting to customers insights and experience.

CENTRAL BATTERY SYSTEM: CBS

Features: o Charging the battery packs in accordance with PN-EN 50-171 o Operation with and control of BST-980 charge boosters o Monitoring of current leakage in final circuits o Protection against deep discharge o Ability to monitor ...

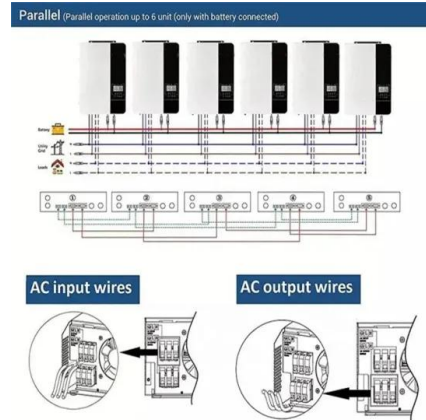

CENTRAL BATTERY SYSTEM LPS - AirSystems.ge

The LPS central battery system, offered by AWEX, is a small, up-to-date, reliable and simple device. It has been designed in accordance with the applicable standards and with using SMART technology. Its functions are equivalent to ...

CENTRAL BATTERY SYSTEM: CBS

- o Charging the battery packs in accordance with PN-EN 50-171
- o Operation with and control of BST-980 charge boosters
- o Monitoring of current leakage in final circuits
- o Protection against deep discharge
- o Ability to monitor battery voltage symmetry
- o Fan control
- o 3 measuring junctions for
 - o Voltage
 - o Current

SPS CENTRAL BATTERY SYSTEMS

The Central Battery System SPS provides emergency power supply when the mains power is lost or its parameters are inappropriate. The main purpose of the system is to supply power to emergency lighting luminaires and assure 100% of the power for at least 1 hour. The lighting which uses LED luminaires, fluorescent luminaires or compact fluorescent

CBS Central Battery System

The CBS central power supply system is an advanced, reliable and user-friendly central battery system, designed in compliance with the requirements and all important standards. The system provides the possibility of monitoring

circuits, luminaires or both.

and user-friendly central battery system, designed in compliance with the requirements of VDE 0108, PN-EN 50171 and PN-EN 50172 standards. The RG-P-CBS LBS is a state-of-the-art, reliable and user-friendly central battery system manufactured by AWEX for RG Additions' RG-P-CBS range. It has been designed to meet applicable standards and

000000 AWEX SYSTEMS

The LPS is a state-of-the-art, reliable and user-friendly central battery system manufactured by AWEX. It has been designed to meet applicable

standards and comprises the proprietary SMART technology. From the functional point of view, the LPS is equivalent to the CBS, however due to its compact size and reduced power output it is intended for

SYSTEM OVERVIEW

user-friendly central battery system, designed in compliance with the requirements of VDE 0108, PN-EN 50171 and PN-EN 50172 standards. The LPS is a state-of-the-art, reliable and user-friendly central battery system manufactured by AWEX. It has been designed to meet applicable standards and comprises the proprietary SMART technology. From the

Product Model
HJ-ESS-215A(100KW/215KWh)
HJ-ESS-115A(50KW 115KWh)

Dimensions
1600*1280*2200mm
1600*1200*2000mm

Rated Battery Capacity
215KWH/115KWH

Battery Cooling Method
Air Cooled/Liquid Cooled

CBS Central Battery Systems

The CBS central power supply system is a an advanced, reliable and user-friendly central battery system, designed in compliance with the requirements and all important standards. The system provides the possibility of monitoring circuits, luminaires or both.

FZLV Central Battery Systems

FZLV device manufactured by AWEX is an emergency lighting group system (I protection class) intended to power up to 80 emergency lighting luminaires. Each luminaire connected to the system can work in various and independent modes. The luminaires are supplied with low safe rated voltage (24V) through a two-conductor cable.

AWEX CBS, central battery system, emergency and evacuation system

AWEX emergency and evacuation lighting system - Central battery system The following systems are available AWEX CBS AWEX CSP AWEX LPS As well as system design, installation and configuration * Before ordering, contact: bsafety@bsafety.lv or +371 28234323 * Delivery costs are not included in the price.

CENTRAL BATTERY SYSTEM: CBS

CENTRAL BATTERY SYSTEM: CBS V. 09 Awex brand has been existing in the emergency lighting sector since 2002, invariably fulfilling its clearly defined mission: top-quality state-of-the-

art products and customer satisfaction. We offer the full range of emergency lighting devices in compliance with all the European standards. Within 10 years of our

EMERGENCY LIGHTING SYSTEMS

Awex brand has been existing in the emergency lighting sector since 2002, invariably fulfilling its clearly defined mission: top-quality state-of-the-art products and customer satisfaction. Central battery system provides power supply to the DES luminaires during malfunction due to the use of battery sets. The central battery system has

SPS Static Inverter Central Battery Systems

SPS Static Inverter Central Battery System units provide a 230 VAC supply in the event of loss of the normal mains supply. SPS is designed to operate third party mains luminaires at full output as either maintained, switched maintained or non-maintained luminaires for 3 hours. SPS features five models with...

AWEX Middle East

The CBS central unit is equipped with a controller that supervises the operation of the entire system and archives all information about the events that have occurred and the system state. It has an intelligent charger that supervises the entire battery charging process, which automatically

stops the charging process in the event of a battery failure.

FZLV II Central Battery Systems

The OUT4F module is a universal output device for operation among electrical devices, fire-fighting system and AWEX's Central Battery system. It is designed to operate with the FZLV II system and supplied from its circuits. The OUT4F module has 4 ...

Awex , DNA systems

The modern central battery system was developed by AWEX according to the current requirements of customers. It is designed for emergency lighting in small and medium-size buildings, or in isolated fire sections. Application for system visualisation and administration.
